RUN-OFF ELECTIONS

Gardner Pond
Vice-President

Jim Kubik
Vice-President

Marilyn Hendrix
Secretary

Betty Lee
Secretary

George Miljanich Will Preside Over Student Body in 1949-50

Voting is still in progress to decide who will govern the students of Hartnell College next year but a portion of the offices were filled at the primary election held Monday and Tuesday. The responsible position of president has been filled by George Miljanich, a Watsonville commuter.

"I very sincerely appreciate the confidence extended to me by the student body," Miljanich stated. "I am also very much heartened by the fact that the campaign was conducted with good sportsmanship as the keynote. This indicates that Hartnell College next year will be assured of the wholehearted support of the student body."

Run-off elections are being completed today to elect the vice-president and secretary. The Men's Club has taken this opportunity to add the nominees for club officers to the ballot to be voted for by the men only. Gardner Pond

and Jim Kubik are the nominees for vice-president of the student body; Betty Lee and Marilyn Hendrix are the candidates for secretary.

Watsonville will be well represented in the commission next year. As well as having Miljanich as president, Tom Ford will be the new commissioner of public relations, Roy Taylor, sophomore representative, and Bonnie Hearn as women's representative.

Other offices filled were men's representative by Bruce McCallum, yell leader by Dewey Chambers and commissioner of social activities by Wayne Ingols.

Three Cornered Moon Begins Wednesday

Hartnell College cast of Delta Psi Omega is performing its fifth and final major production, for the 1948-49 dramatic season, "Three-Cornered Moon," by Gertrude Tonkonogy. This brilliant, fast-moving comedy goes on stage at the college Little Theater next Wednesday, Thursday, and Friday.

Graduation Ball Being Considered

Plans for a graduation ball similar to the one given last year by the Alumni Association are being considered by the alumni now, according to Mr. Richard Carlisle, secretary.

The dance will probably take place graduation night, June 10. It will not be given in the gym. The alumni are looking around for a possible place for the affair.

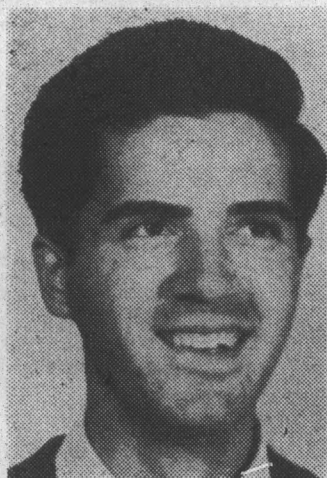

Classes, Clubs Meet Today at 1

Class meetings will be held the first 25 minutes of the assembly hour today at 1 o'clock. The freshmen will meet in the men's gym, the sophomores in the Little Theater.

At 1:30 there will be club meetings to elect representatives to the Interclub Council for next year. These representatives will meet with Mr. Hal Ulrici, advisor for the council, next Tuesday, May 24, at 9 o'clock in the Little Theater.

An awards assembly will be held next Friday at 2 o'clock. The meri-

(CONTINUED ON PAGE 2)

George Miljanich
President

Stage veterans Donna Musler, Don Feliz, Jacque Day, James Clark, Bob Dayton, and Carmen Costa will be in leading roles.

Donna Musler is portraying the part of Mrs. Rimplegar, a dazed, rattle-brained woman whose gestures are uncertain and reactions belated. Douglas, played by Don Feliz, is a well-built, nice-looking young man, who thinks he has enough dramatic ability to go on stage. He tries to emphasize the fact by pulling what he calls "gags." Richard Cimino (Kenneth) has more dignity than any of the others—or it seems so, with his Harvard accent!

Jacque Day portrays Elizabeth, the part of an unsophisticated, immature young girl with large serious eyes. Donald (James Clark) is an awkward person, who, in spite of this fact, is really charming. Doctor Stevens, the only person who bears a sense of maturity and bearing on the stage, is played by Bob Dayton. Carmen Costa (Kitty) plays the part of a Brooklyn beauty, emphasizing make-up and dress.

The artistic set designs for "Three-Cornered Moon" are being done by Robert Kensinger, who has done all the stage designs for the past productions here at Hartnell College.

Mr. Harold Ulrici, stage director, pointed out that if there is ever a play that will appeal to the audience in regard to hilarity, "Three-Cornered Moon" is the answer. He said that it gives the onlookers every type of drama on the degree of farce.

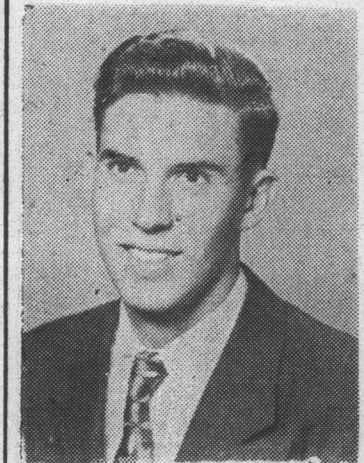

Tickets for this production are now on sale in the main office of the college and at Gadsby's Music Store in Salinas. Usual prices, 50 cents for students, and \$1 for adults will be charged.

Book Clearance

Before grades will be sent out, students must clear through the library at the end of this semester. This means that all books must be in and all fines paid, according to Miss Luella Wiens. Students must have taken their last final examination before they will be allowed to check out.

Commission Plans Eve at Loma Linda

With money left over from last year and this year that has been collected from among the members for fines, the commission decided Tuesday to spend an evening of dining and dancing at Loma Linda, Wednesday, May 25, at 7:30. The members and their guests will make up a party of approximately 25 people.

Men's representative Roy Johnson announced the names put up for awards by the coaches and the commission approved them.

Baseball: Pat Alexander, John Alsop, Mike Bellone, Bill Casalegno, Bill Cooke, Cliff Cracknell, Bob Jefferson, Jim Micheletti, Wally Wong, and Charles Happ.

Track: Pat Alexander, Bob Charvarra, Del Deis, Dave Delucchi, Ted Dennis, Max Fletcher, Loren Green,

52-20 Expires

Veterans who have been planning to live on their 52-20 this summer have bad news in store for them. As of July 25, 1949, the federal service men's readjustment allowance program expires. When this benefit was established, Congress specified that rights to unemployment pay would expire two years after termination of the war.

Exceptions to this rule will be men and women who enlisted under the Voluntary Recruitment Act between October 6, 1945, and October 5, 1946, and those who had service prior to July 25, 1947, but were discharged after that date. People meeting the requirements may still be entitled to further benefits.

Les Hiserman, Don Hufhines, Don Keeney, Fred Manteufel, and Bill McClintock.

Newman Club to Have Breakfast

Newman club is winding up its activities for the year with a communion breakfast on June 5 to honor club members who are graduating.

At the meeting Thursday, Father Patrick Deegan of Salinas gave an interesting speech on "What Constitutes an Educated Man."

Twenty-five members and their guests who attended the picnic at Stoffey's cabin in Arroyo Seco are still raving about the 30 pounds of beef Mr. Michael Stoffey barbecued for them. Stiff ligaments and burned backs resulted from swimming and hiking all day.

Fliers to Use Plane During Summer For Small Amount

Hartnell Flying Club members will be permitted to use the club plane this summer, providing they pay three months dues in advance, it was decided at a club meeting held last Tuesday. Summer dues, which will amount to \$6, must be paid to Mr. Karl Bengtson, comptroller.

Club constitution and by-laws, which were sent away in February to be legalized, were received last Monday. The matter was taken care of by Mr. Sidney Church, attorney-at-law.

WEE GEE

By ANNABELLE

Some very lost looking Gonzales and Gilroy high students were wandering through the halls one day last week. Although these seniors were unable to come here the day of the Carnival, the only thing to show them about Hartnell was the classrooms and a trip out to A. and M. It is a shame that a little more active program could not have been put on for them. At least something could have been done to make them interested enough to want to come back to the halls next fall.

Fast recovery. Last Thursday Bruce McCallum went to the hospital for an appendectomy and by Monday morning he was back in classes here. Says he, "It's just like having a tooth pulled nowadays."

Up until the velvet fog crept into Salinas some very fast softball games were being played during noon hour. More rooters were out cheering the intramural squads than were out for the whole regular baseball season.

What goes on when the Santa Cruz bus heads for Salinas in the morning? Seems like one fella almost lost his pants or rather had a neat little rip in them. Gals in the sewing class came to the rescue and put in a stitch in time.

H.C. student in the cafe: "Hey, there's a lady bug in my soup."

Mrs. Fryer: "Gosh, you must have awful good eyes."

Hartnell alumnae, Jean Emery, "Miss California of 1947," can be seen among ice, lettuce, and carrots on page 581 of National Geographic magazine this month. A color picture of our famous personality, as well as pictures of the entire Salinas Valley can be seen.

Bus drivers for the high school and college staged a Bar-B-Q in San Benancio Canyon Sunday. A rugged baseball game preceded and followed the feed itself. Among other fast ball players were Slammin' Eklund, Tiger Smythe, Blackeye Willcox, Foul Ball McDonald, Speed Agee, and Strikeout Hufhines. The "keen-eyed" umpire was the best, most impartial person on the field.

They call them bus drivers, but two of them had little tangle-ups on the road. Nothing serious but you might blame it on the weather which had been a little gloomy that day.

Back after an illness is Marilyn Hendrix. Good to see the gal back. Quick check in the cafe and what do you see? New signs on the tables—Please remove all dishes to the kitchen.

Letter to the Editor

Dear Editor:

So far it hasn't done the students a bit of good to gripe about cafeteria food and prices. As a closing gesture we will make one last attempt, if only to benefit the incoming students.

Ten cents for milk is outrageous under any conditions. But when you find that the faculty may go to the cafeteria at any time of the day and get free coffee with as many refills as they want, that is too much.

Evidently this practice has been going on for some time. Isn't it about time this was corrected?

I hope the faculty and the cafeteria staff will see the problem this way.

Yours sincerely,

STEVE GAMBLE
GINO LORENZI

Editor's Note

After receiving the above letter, we consulted Mr. Karl Bengston, and he revealed the following facts that might be of interest to the students.

Milk, according to the law, cannot be purchased by the cafeteria in bulk form. It must buy the individual containers which cost about 6 cents each. Therefore, with the additional cost of handling and refrigeration 10 cents is not such an outrageous price.

On the average, the cafeteria sells 150 bottles of milk daily for 20 days per month over a 10 months' period. If milk were reduced to 5 cents, the revenue would drop \$7.50 per day or \$150 per month, which would mean \$1,500 for the entire year.

When the cafeteria was established in 1938, the school district provided all the necessary equipment and still pays for the space, utilities, garbage collector, and manager's salary. The cafeteria itself must pay for all replacements and repairs of this equipment. This year a meat slicer and cash register had to be replaced at the cost of \$600. Various subsidies have been received from the school district, but no money has ever been returned.

It has been found with the experience of the past ten years that a profit is made during the year until the month of January and then begins a gradual loss. So far this year a profit of \$400 has been received, but a loss of \$224.61 was taken in February, \$37.18 in March, and \$40.60 in April. After the losses for the months of May and June are taken into account, there won't be much of that \$400 left.

On the question of the free coffee, Mr. Bengston revealed that there is an administrative ruling by President John Lemos that the faculty is entitled to the coffee. This ruling is based on the idea that the instructors spend many hours working on student body activities and this is a small means of recognizing this fact. A cup of coffee costs the cafeteria about three cents, and the coffee drinkers usually buy something to eat with their coffee.

There is one way the prices could be lowered, but that would mean opening the cafeteria only during the hours of 11 and 1 p.m. Also, the menu would have to be reduced to one selection as is done in the high school and elementary cafeterias.

Mr. Bengston assured the students that if food prices drop and no new equipment is necessary that next year new adjustments will be made to meet the situation.

Janice Lund to Marry Firmin Gryp

Janice Lund, student body secretary, has just announced her engagement to Firmin Gryp, who graduated from Hartnell last year. They plan to be married the first of next year and will live in Salinas where Firmin is employed by Tynan Lumber Company.

Besides being commission secretary, Janice has kept books for the student book store. The engagement was announced at a shower given for Ruth McDill.

Inter Club Council Starts Operations

Appointed club representatives met last Tuesday at 9 o'clock in the Little Theater to begin the formation of Hartnell Interclub Council. Clubs will elect a representative and an alternate at club meetings today.

The elected club representatives will elect Interclub Council officers at a meeting sometime next week. It was decided at the Tuesday meeting that the council will have three officers: president, vice-president, and parliamentarian. After the election, the three officers, which form the executive committee, will be responsible for the writing of a constitution, which will be submitted to the Interclub Council for approval.

Another part of the executive committee's duty will be to formulate the policies for interclub activity which will operate next fall.

It is important that each club be awakened to the importance of the Interclub Council and elect their representatives, Mr. Harold Ulrici, council sponsor, indicated. Otherwise, they will have no voice in the formation, nor the rules of the organization.

Art Club Enjoys Chinese Luncheon

Chinese dinners were enjoyed by the members of the Art Club on Tuesday. The feast took place at the Chinese Lantern in downtown Salinas at noon. This last activity of the year for the club was entirely supported by its own treasury.

WAA Plans Camp Trip

A three-day party was decided upon by the Women's Athletic Association recently. Swimming, hiking, dancing, and other activities will be the main interests at the party which will be held May 28, 29, and 30, at the government camp located near Arroyo Seco.

President Barbara Johnson announced that \$63 was allowed on their budget for expenses. The money will probably be spent on food, according to latest reports.

Approximately 20 women and chaperones will enjoy the pleasures of sleeping and cooking outdoors. This trip will be the last of the many activities the women athletes have participated in this year. The play day that had been planned was called off because the other colleges were too busy.

Westminster Club Picnic Tuesday

Westminster Club members who want to go to a picnic sponsored by the club are requested to get in touch with Marilyn Hendrix or Barbara Abeloe. The picnic will be held next Tuesday, May 24, in Central Park at noon. The club will furnish dessert and the beverage, and members are asked to complete the meal by bringing potluck dishes.

Photo Class Shows Work In Gallery

By BETTY NIXON

Use of the art gallery has been turned over to the photography department for several weeks. Mr. W. J. McCallum, photography instructor, has taken this opportunity to display some of the pictures taken this year by the students.

In general, the pictures show excellent composition and judgment of values and subject matter. The selections by Roy Johnson, Bob Mendonca, and Marvin Smoot are particularly outstanding.

Interesting subject matter which was chosen included a series on the local circus that showed in Salinas a few weeks ago, a historical locomotive from Elko, Nevada, and several portraits.

Panthers Get Eight Points in West Coast Relays; Take Eighth Place

Running the best races of the season, but still up against too much competition, the Hartnell Panthers' track squad garnered eight points to place eighth among 24 junior colleges with enrollments under 1000 students in the annual West Coast Relays at Fresno over the weekend.

The medley relay team composed of Fred Manteufel running the 440, Les Hiserman, the 880, Dave Delucchi, the 1320, and Del Deis running the mile, placed fourth to the Riverside College team that knocked off 18 seconds from the

old West Coast Relays record.

The Panthers came in four seconds behind the winning team, good enough to break the old record themselves by 14 seconds. The Panthers placed fifth in both the 880 and the mile relays.

The field events were open to all junior colleges and Hartnell's field entries were shut out of the points completely. The southern schools almost swept the meet, with Compton college and Los Angeles City College racking up points in almost every event. Compton won the meet in the junior college division.

Three West Coast Relays records fell in the junior college division, two of them national junior college records, both being broken by Compton College athletes. Sam Iness tossed the discus more than 158 feet for one and Bill "Roches-

ter" Anderson leaped the high sticks in 14.2 for a new national record in that event.

Besides Hiserman, Deis, Delucchi, and Manteufel, Don Keeney, Loren Green and Don Huffines figured in the point getting for the Panthers. Coach Ed Adams will take the same men to participate in the California Relays at Modesto this weekend. The Panthers will have to compete against all junior colleges and also against four year college and university freshmen squads.

It will be mostly northern junior colleges competing in the meet although Compton and Los Angeles City Colleges may send up their teams because they are good enough to win the meet. This meet will end the track season for the Panthers and also all other athletics for the school year.

Football Prospects Look Good for Next Season, Robinett's Hopes High

By JACK BELL

With the end of all athletic competition at Hartnell for the spring semester, the topic of conversation seems to always turn back to fall and a discussion of the possibilities of a football team to compare with the one that represented the college last year.

Even though the larger schools, which have no worries about gathering material, succeeded in passing a purity code, Coach Bob Robinett has hopes of fielding another great team. The purity code will not allow the school or any outside organization or individual to give any aid to an athlete to induce him to attend the College.

Also no junior college in the Northern Junior College Conference can start practice before the school opens September 1. Hartnell felt the impact of

this rule recently when the school was fined \$250 after being convicted of violating the rule.

Although practically the first two backfields from last year's, squad received scholarships from four-year colleges, Coach Robinett hopes that the returning linemen and the additional recruits from the surrounding high schools can bolster the team back up to par.

The Panthers will have three practice games before entering into conference play. They will open in the Rose Bowl against John Muir college of Pasadena and then will play Bakersfield in the valley city. The Panthers will then return home to play the Cal Poly Frosh before opening the conference play against the Stockton Cubs on October 14, at Stockton.

Five games of the ten game schedule will be played in Salinas.

Bruce McCallum
Men's Representative

Bruce McCallum, newly elected men's representative for Hartnell College, will be in charge of keeping a record of points that will give all athletes their awards in the coming year.

Ski Club to Elect Officers Thursday

Election of president and vice-president of the Ski Club for the coming year will be held Thursday, May 26, at noon in room 25. The purpose of this early election is so that as soon as school starts in the fall, plans can be made for the first and subsequent ski trips.

Also, early organization will permit an advantageous date to be chosen for the Ski Club dance held in the fall semester. All members are urged to attend this meeting.

Movies taken on the March trip to Yosemite will be shown.

The Panthers will again close their season against the Monterey Lobos on Thanksgiving Day in Monterey.

With such stars as Ed Brown, Doyle Burnett, Jim Echeveria and Mike Hodar missing from the lineup, it would seem impossible to have another winning team, but Robinett figures if he can produce a powerhouse line, an average backfield can gather enough touchdowns to win games for the 1949 Panthers.
